If the parties cannot agree on a mediator from the court-approved list of mediators, the case will be assigned by the court to a mediator from the court-approved list to conduct mediation.

(4) The minimum qualifications of mediators are as set forth in Supreme Court Rule 17.04 and 88.05.

103.02 Registration.

Registration for electronic filing shall be made as required by Supreme Court Operating Rule 27.

103.03 Files of the Court.

A. When a court accepts an electronic document for filing, the electronic document is the official court record.

B. If a court digitizes, records, scans, or otherwise reproduces a document that is filed in paper into an electronic record, document, or image, the electronic record, document or image is the official court record. The court may then destroy the paper document unless that document is required to be preserved by law or court order.

103.04 Format of Electronically Filed Documents.

A. An electronic document shall be filed in the PDF format as defined in Supreme Court Operating Rule 27 and shall be formatted in accordance with the applicable rules governing formatting of paper documents, including page and word limits. Color coding of electronic documents is not required.

B. Electronic documents that are part of the official court record shall be self-contained and shall not contain hyperlinks.

C. For the convenience of the court, in addition to any electronic document filed as the official court record, a party or amicus curiae may submit to the court a copy of an electronic document on a read-only disc (CD-R or DVD-R). A copy of any such disc also shall be provided to all other counsel and all self-represented parties. The electronic document shall be submitted in text searchable PDF that must be identical in content and format as the electronic document filed as the official court record, except that the document may also include hyperlinks to the complete text of any authorities cited therein and to any document or other material contained in the record on appeal. In order for the hyperlinks to function properly, the record (or the cited portions of the record) and authorities must be included on the same disc as the electronic document. An adhesive label shall be affixed to each disc legibly identifying:

- (1) The caption of the case;
- (2) The party filing the disc;
- (3) The disc number (e.g., "Disc 1 of 2").

The filing party shall certify that the disc has been scanned for viruses and that it is virus-free.

D. An electronic document requiring a signature shall be signed by an original signature, stamped signature or an electronic graphic representation of a signature, or in the following manner: /s/Sally Q. Skunkerson.

An attachment or exhibit that exceeds the technical standards for the electronic filing system or is unable to be electronically filed must be filed with the court on approved media as defined in Supreme Court Operating Rule 27. When an attachment or exhibit is filed on approved media, a notice of exhibit attachment shall be filed through the electronic filing system.

103.06 Electronic Filing Deadlines.

A. Electronic filing is permitted at all times when the electronic filing system is available. If the electronic filing system is unavailable at the time the user attempts to file a document, the registered user shall make reasonable efforts to file the document as soon as the unavailability ends.

B. If a registered user believes the unavailability of the electronic filing system prevented a timely filing to the party's prejudice, the registered user may submit a motion to the court within ten days of the user's first unsuccessful attempt to file the document. The motion shall state the date and time of the first unsuccessful attempt to file the document electronically and why the delay was prejudicial.

C. If the court determines that the unavailability of the electronic filing system prevented the court from receiving the filing, the court shall deem the document filed on the day that the user initially attempted to file the document.

D. The filing deadline for any document filed electronically is 11:59:59 p.m. central time unless a different time has been set by the court in a particular case.

E. A document is submitted for filing when the electronic filing system received the document and sends a confirmation receipt to the filer. The electronic filing system will issue a confirmation receipt that includes the date and time.

F. If the clerk accepts a document for filing, the date and time of filing entered in the case management system shall be the date and time the electronic filing system received

the document. The electronic filing system will affix the date and time of filing on the document.

G. In order to be considered in any hearing or court proceeding, a document must be submitted to the electronic filing system at least three (3) full calendar days prior to the hearing or proceeding, calculated as provided in Supreme Court Rule 44.01(a), unless good cause for failing to do so is shown, which determination of good cause shall be in the sole discretion of the judge. 103.07 Verified Documents and Affidavits; Retention of Documents.

A document required by law to be verified, to be signed under penalty of perjury, or to be signed by a notary public may be filed as an electronic document if the affiant, declarant, or notary public has signed a paper document. Until the entire case is finally disposed, the registered user shall be custodian of the paper document and shall retain same.

Attorneys and parties are admonished to retain original hard copies of all documents, particularly in cases such as will contests or other matters where original documents or exhibits may be required by law. In the event the electronic network provided by the office of State Courts Administrator fails for whatever period of time (which is the network the courts operate under), all parties are admonished to have a back-up copy of all documents, exhibits, and evidence available for the courts and parties to use when such network is unavailable.

103.08 Service.

Service shall be made to registered users through the electronic filing system and to all others as provided in Rule 43.01(c). Service by the electronic filing system is complete upon transmission except that, for the purposes of calculating the time for filing a response, a transmission made on a Saturday, Sunday, or legal holiday, or after 5:00 p.m., shall be considered complete on the next day that is not a Saturday, Sunday or legal holiday.
